

**Sid:** My guest and his wife traveled into the cells of a dying girl's liver. Twenty-six hours later, she was healed.

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. **Sid:** Hello. Sid Roth. Welcome to my world where it's naturally supernatural. I love, I absolutely love the rarified air of Heaven. I love it when Heaven comes on Earth and I can partner with Heaven. And when I think about the Glory of God, when I think about creative miracles, amazing miracles, I think of Mahesh and Bonnie Chavda. And I have Mahesh here. Mahesh, it's hard for me to believe you come from 900 years of Hinduism.

**Mahesh:** Correct. I was born in Kenya, Africa of Hindu parents and could trace back my ancestry by name about 900 years back. And the amazing thing, Sid, was not one of them, as far as I know, knew the Lord as Savior.

**Sid:** So how did you come to know the Messiah? I mean, as a Hindu for 900 years. Now they had this caste system.

**Mahesh:** I was in the Rajput caste.

**Sid:** Which is?

**Mahesh:** Rajput means "sons of kings". So it was the aristocratic caste.

**Sid:** So what was the first exposure you had?

**Mahesh:** Well this was around when I was 16 years old. And there was a knock at our house, and there was a lady who had been doing, a missionary, who had been doing a program for children in that neighborhood, and she ended up at my house because she was thirsty and wanted a drink of water. So I gave her a drink of water and she handed me a New Testament in English. And I love to read. So I thanked her and started reading. And I found, Sid, that this is the most amazing book I've ever come across because it started talking back at me. It was if the author was right there, talking to me, standing by side. Especially, I was impressed by certain chapters like John 14, where the Lord says, "I am the way, the truth and the light. No one comes to the Father except by me."

**Sid:** Now how does that differ from Hinduism?

**Mahesh:** Well of course, Hinduism, we believe there are so many different ways to God. And here is Jesus saying, "I'm the way, the truth and the light."

**Sid:** That's interesting. A lot of what I see in America really has roots of Hinduism saying there's many ways to God.

**Mahesh:** Correct. And so these words in the Bible kept coming to me. I would walk to school and they would almost like haunt me around me. They were living. This Bible is alive, active and full of power. It's been breathed by the Holy Spirit. I remember even the battle inside me. I knew that Jesus was the Savior now. I was beginning to realize He is the way, the only way to the Father. But my traditions were struggling inside me. So one night I said, I can't do this battle any more and I'm not going to read the Bible any more. I'm not going to think about Jesus any more.

**Sid:** Why would you give that up now that you begin to have a book that is alive. Now you begin to realize Jesus is the Messiah. It's not these many, many gods. There's only one way.

**Mahesh:** It was a struggle.

**Sid:** How could you do that, Mahesh?

**Mahesh:** Because my traditions and pride, and fear.

**Sid:** I thought we Jewish people had the corner on tradition. Tradition!

**Mahesh:** Correct. So we have our own tradition, and the traditions and my relationship with my family, I knew that they would reject me.

**Sid:** You did what the Bible says. He counted the cost and he put the Bible away. But then he was surprised by God. What happened?

**Mahesh:** I was knocked unconscious.

**Sid:** Really.

**Mahesh:** Right there, while I was reading the Bible, I said, I'm not going to think about this any more. And then I was knocked unconscious, and my consciousness was taken to a place I had never been before. There was the most beautiful light, like living rainbows all around me, music and singing that put my entire being in pure ecstasy. And then I found that there were flowers and grass around me. The flowers seemed to be in joy singing.

**Sid:** You were in Heaven.

**Mahesh:** Yeah. I saw around me there were streets of gold and I knew.

**Sid:** How does someone from 900 years of Hinduism, the top caste, end up like that, having an encounter? What did you do to deserve it?

**Mahesh:** I don't know. I didn't deserve anything except I was hungry to know more of God. And so the light—

**Sid:** Now God's so good. You put that aside. Come on now, you counted the costs and said, no, no. What else did you see?

**Mahesh:** Then I saw the light that was the source of all these wonderful beings of light. It was living light. It was singing light, and my entire, all my being inside me, all my organs, was singing in perfect, responding in harmony to this harmony of light and sound, and joy, and singing. And then this light came towards me, and in that light, I saw the Lord Jesus. I knew it was him, and he had eyes that were the kindest, most compassionate loving eyes, as if he had suffered everything on Earth. Any suffering people had, he had taken it himself, and out of his eyes shown perfect love and triumph, and victory. And he came towards me, put his hands on my shoulder and said, "My little brother." And many hours later, I was knocked unconscious about nine o'clock at night, and at around five o'clock in the morning I woke up. I heard the roosters crowing and I woke up, and I was back. But I knew I had been somewhere. And immediately I got on my knees and accepted the Lord Jesus as my Savior. I knew there was no one else who loved me more than Jesus Christ.

**Sid:** What were those lights singing to you? Do you remember any of the words?

**Mahesh:** Yeah. It was like, it was love coming towards me and the lights were singing and it was the song of the Lord saying, [singing] "I love you, I love you, I've always loved you. I love you, I love you, I'll always love you."

**Sid:** Will you look in the camera and will you sing that again. And when he sings that, I want you to experience the love of God. Do that right now.

**Mahesh:** [singing] I love you, I love you, I'll always love you. I love you, I love you, I'll always love you.

**Sid:** You know, Mahesh, I cannot get enough teaching about the cross. I don't hear much teaching about the cross. I can't get enough teaching about the Glory. But when you put the cross and the Glory together, you've got ingredients for the miraculous. I'm going to have Mahesh and Bonnie teach on this and watch the miraculous become normal. Don't go away. Be right back.

**Sid:** Hello. Sid Roth here with Mahesh and Bonnie Chavda. And you had a visitation from God. I wish it was every second. But tell me about that visitation, Bonnie.

**Bonnie:** Well we had, at that time, we had three small children. We were living in Fort Lauderdale. And Mahesh was leading the National Day of Prayer and Fasting. He was in D.C. and was holding this prayer meeting for both houses of Congress. And I woke up in the middle of the night and I thought that our oldest child, who was just a preschooler still, had gotten out of bed and had turned on the lights in the house and was doing something I couldn't imagine. So I

came out of my bedroom into the living room and I remember walking by the light switch and touching, and they were all off, and yet the house was illuminated.

**Sid:** Wait a second. Am I hearing her right? Every switch was off and the house was illuminated? Were the lights on or was it an illumination?

**Bonnie:** The lights were off and it was the presence of the Lord.

**Sid:** Wow.

**Bonnie:** He is light. This person, Jesus, is the Light of the world. But the house had light in it. And of course, the moment I felt the off switches, and yet the house was illuminated I immediately got on my knees and I just, you know, was in the presence of the Lord, and that was the beginning of a visitation that we had. The Lord came and spoke to us, spoke to me as He was speaking to Mahesh in Washington. Called our church on a corporate 21-day fast, which I believe that was our first experience.

**Sid:** What happened to the people there?

**Bonnie:** They were transformed. They were touched by the Glory.

**Sid:** Were there many people healed?

**Bonnie:** There were lots of people healed and in that particular visitation, a real wave of cleansing washed through first, cleansing and deliverance.

**Sid:** Go ahead.

**Mahesh:** The wonder of it was as we started fasting, there was one time where there were a couple of hundred people and all of us instantly, one time, as we were prostrating before God's presence, saw the cross appear before us.

**Sid:** What does it look like?

**Bonnie:** Like something on CG. It suddenly just materialized.

**Sid:** All of you saw it at the same time.

**Mahesh:** Right.

**Bonnie:** Yeah. We moved all the chairs and we were holding these meetings in a big circle kind of a thing, and there wasn't any official leader and prayer agenda. We literally just came together under the cloud of this presence that was so very real, and we were just being soaked in His Glory. And it was during one of those times that suddenly in there in the midst of the sanctuary we all saw simultaneously the cross, and it was alive with the blood. It wasn't like Jesus was

hanging on it, but the cross was living, and emphasized there was the living presence of the blood.

**Sid:** You can never be the same after seeing something like that.

**Bonnie:** No, no. And we still are very close to a lot of folks who were, 30, 35 years ago, who were in that visitation.

**Sid:** Let's speed things up now. About a year ago, you had a visitation from an angel. Tell me about that.

**Mahesh:** That's right. Again, Bonnie was in another city. I was at home and I felt like I was supposed to be going into my study. Suddenly, now this wasn't a vision. It was like, my eyes were open and suddenly an angel descended and he had arms and he was young looking. He was smiling. And there was a smoke, a battle, still with him. It was like he had just come from a battle, but he had just come and there was victory on his face. And he looked at me and he said:

**Angel:** How big is your chair?

**Sid:** What does that mean?

**Mahesh:** I wondered. What does that mean? And then I asked the Lord, the Holy Spirit, for some enlightenment, and he took me to Psalm 22: "God is enthroned on the praises of Israel. He's enthroned on the praises of His people." And the chair meant the throne. And to the degree that we praise Him, to that degree that enthronement of God will become practical in our lives, and as God is enthroned on our praises, then we are, any battle we are in, whether it's for healing, deliverance or financial, God wants to give us the victory the more we enthrone Him. And so when Bonnie came home she could sense the presence of God in the house. She said, "What happened?"

**Bonnie:** What happened here?

**Mahesh:** There was an angel?

**Sid:** I mean, in your house I would have to believe there's a presence of God all the time. But there was something special.

**Bonnie:** Absolutely. When I walked in the door that sense of Heaven, it's like the smell of rain, only it's a kind of thing that you can feel that the atmosphere is alive in a little different way and there's joy there, and that typifies the presence of the Lord.

**Sid:** Speaking of atmosphere, I'm going to have Mahesh and Bonnie teach on the cross and the Glory after they have been worshipping God and have had a throne around them, which means open access to Heaven, and I believe that you're going to get in on it. What do you need? Think about it. We'll be right back.

*We now return to It's Supernatural.*

**Sid:** Hello. Sid Roth here with Mahesh and Bonnie Chavda. And this is hard for me to comprehend. It will be hard for you to comprehend. A young girl is dying, days to live, liver disease, and Mahesh and Bonnie find out about this. Now I've heard for praying for someone. I've heard of laying hands on someone. But I have never, ever heard of what the two of you did. What happened with this young girl that was dying of liver disease, Mahesh?

**Mahesh:** Well her pastor and mother called me and said they heard the Lord tell them, "Call the general." So they called me and said, "Pray for this little girl. She's given up. They can't do a liver transplant, it's happening too fast. Her liver is bad. Will you pray?" And I said sure, and I got into the presence of the Lord, and I was in His presence for about 26 hours.

**Sid:** Now Bonnie, were you praying along with him?

**Bonnie:** Yes, absolutely.

**Sid:** And did you pray that length of time, too?

**Bonnie:** Yes. And you know, that's one of the things about the Glory. You recognize that it's the living presence of a person named Jesus, specifically in the emissary, who is the Holy Spirit. And he's invisible, but that doesn't mean he's not tangible.

**Sid:** Okay. So you knew something good happened.

**Mahesh:** Yes

**Sid:** What did you do?

**Mahesh:** So I called the mother and the pastor, and the liver now was about normal. It was better than normal. It had been healed, completely healed.

**Sid:** How could they explain? She was dying.

**Mahesh:** That's right. And they said, "We had nothing to do with her." And I knew what had happened and I sensed. And that's what I want to transmit to people and tell them we can get in what I call the glory bubble, the bubble of His glory.

**Sid:** But wait a second. I know about getting in the glory bubble. But what I don't know about is both of you went in to that dying liver. Explain that to me.

**Mahesh:** It is because of Jesus. And it was if in those 26 hours we went through every cell that had been poisoned in her liver.

**Sid:** Now both of you were experiencing this? And did you confer? Did you say both?

**Bonnie:** No because when you're in the presence of the Lord like that and He's working, everything, though it's very supernatural, everything, it seems normal. It seems natural. You're caught up where you're whole being is harmonizing with the reality of His being, and He is light, He is love, He is healing, He is joy, He is power. But it's natural. Like you say, it's supernatural. It's natural to be supernatural.

**Mahesh:** And this has happened again and again. As we get in the bubble then it's like you are a steward of the atmosphere around you. You don't know to what degree, but that atmosphere may be five feet within you. But that, the presence of God, the shekinah, because we are filled with the Holy Spirit it should start emanating from us. It's all because of Jesus and what he has done on the cross. But we can be in his presence, and therefore, you and I are supposed to be, and those watching us, are supposed to be ambassadors of the Glory of God.

**Sid:** But what was it like going into the cells in the Spirit? I'm just trying to understand this, Mahesh.

**Mahesh:** I felt like we were there and it was done, and the proof of the pudding was the healing of the liver. And when the Lord said, "It's done," it's a mystery to a degree. But the Glory of God, the presence, was touching and changing the equation in every part of that little, the young lady's liver. He was aware there was death and life was coming.

**Sid:** Okay. I can't get enough teaching. I can't get enough about the cross. I can't get enough teaching about the Glory and that's your specialty. Bonnie, would you teach for about a minute and look in this first camera, and then Mahesh teach, and then whatever God tells you to do, do.

**Bonnie:** I think the first thing that I would say: Calvary changes everything. Calvary makes the difference. It's a supernatural, ongoing reality that, just like there is no victory without battle, the cross demonstrates for you that God has made every supply for every human dilemma, for every sin, for every bit of suffering, for every unanswered question that you have, the cross in its complete work has made all provision for that.

**Mahesh:** And it's like where there's radiation poisoning, there is no human agency that can heal nuclear contamination, let's say. But sin is like that. We have been contaminated. But the amazing power of the cross, the resurrection of Jesus, loosened the Glory on Earth so that it can decontaminate every person who calls on the name of the Lord. Whosoever shall call on the name of Jesus shall be delivered, will be decontaminated in a sense. And I saw that literally, Sid, when my son was dying, and they said he's dying of kidney failure, and the golden light surrounded him. He was screaming in agony and suddenly he got connected with the Glory of Calvary. And the Lord took away all the pain and recreated his kidneys, and now he's 30 years old, healthy and strong because of Calvary. And whoever all the people who are watching, if they would exercise faith in the cross, God's power and glory can come and heal and deliver.

**Sid:** Pray for people right now.

**Mahesh:** Right now, the power of God is coming towards you as we are talking about Calvary. The Lord is healing kidney disease. I believe stage four cancer is being cancelled out. There's a lady who's been struggling with breast cancer. The Lord is touching you right now. And the man, you're retired but your prostate cancer, the Lord is touching you. The miracles for a baby that's in the hospital. And we just thank the Lord for miracles happening. There are several things. If you have been a wheelchair, move your legs and see, and get up, because the Glory right now, from Calvary is emanating and changing the atmosphere around you, and healing is being released through the glory of Jesus Christ.

**Sid:** Are you catching anything, Bonnie?

**Bonnie:** The vibration. I can feel it's like deep thunder and there are a number of you. And I see a young woman, in particular, with long dark hair and you're getting a sense of a rumbling in your belly, and I just want you to know you're beginning to feel the vibration. We talked about God being tangible and there is visitation for you. And there are three children, a family with three children or a mother, or an aunt that is presently watching for three children in your family, in your extended family. The Glory of the Lord is going to touch them. God holds their destiny fully and firmly in His good plan.

**Sid:** And God is healing hearts right now. Your blood pressure is normal. You're going to bypass the bypass. You're getting a new heart from Heaven. Mahesh, have people gotten new hearts in your ministry?

**Mahesh:** Absolutely.

**Sid:** Absolutely. I like that. And Jesus said, "It is finished." And I say it is finished because of the cross and because of the Glory.
