**SID:** Hello, Sid Roth. Welcome to my world, where it's naturally supernatural. My guest has been a backup singer for such artists as Reba Macintyre, Wynonna Judd. But there was a point in her life where she was ready to get on an airplane that was going to crash. Certain death. And a voice stopped that. That voice was the voice of God. Suzy Yaraei, tell me a bit about that.

**SUZY:** I was at my house in Nashville, and I had been drinking quite a bit of vodka.

**SID:** You were an alcoholic at that point.

**SUZY:** Yes, among other things. I fell down on the floor and started crying out to God, and I heard His voice.

**SID:** What did He say?

**SUZY:** He said, "Get help and quit your job."

**SID:** And what did you do?

**SUZY:** I went to the front door, because I thought somebody was there. The voice was pretty loud. And there was also a knocking. I went to answer the door and see who was telling me that, and nobody was there of course.

**SID:** You were a backup singer to some famous artists. Tell me about the makeup artist for Reba.

**SUZY:** At the time of that experience I had with His voice, I was singing backup for Reba Macintyre. So I called her right away. In that moment, I called her and told her that I heard a voice and I believed it was God, and that I should quit. So we decided that I should. Together, we decided. I quit and went to a treatment center, and two months later was when the plane crashed, and her whole band was killed.

**SID:** Every person in that plane died, and if you hadn't heard that voice...

**SUZY:** Right.

**SID:** You know, when you worship God, every fiber of your being moves. I'm going to say something, you have to tell me... Is it because you just so love God?

**SUZY:** Yes.

**SID:** There's something about worship. What is it with you and worship?

**SUZY:** I feel like it's fresh worship. Whenever the spontaneous, fresh worship starts, and I starts feeling the music move into a freedom, I start singing what I feel that's new, and that's when I really start feeling the worship and feeling the sound, and I think it changes peoples' hearts. Fresh praises.

**SID:** She literally gets songs from heaven. They're fresh songs. I put her on the spot once and made a demand, and she sang the most beautiful song from heaven. And people get healed. Don't go away, we'll be right back after this word.

*We now return to It's Supernatural.*

**SID:** Hello, **Sid Roth here with Suzy Yaraei.** Suzy, your life really got transformed when you went to a Morning Star Conference. It's as if the Spirit of God descended on you immediately. Tell me what happened.

**SUZY:** Well, I walked in... Someone invited me to go to a conference, which I didn't know what a conference was. I thought it sounded like a business meeting or something. When I walked in, presence of God... The best way to describe it was it just fell on me, which I didn't know anything about that at the time. I couldn't walk real good, my legs felt real heavy and I just kind of crawled around. I laughed a lot, crawled around, but when the music started, I danced. And I cried, and I laughed.

**SID:** How did you feel?

**SUZY:** I felt so much joy, and so much love. I felt like it was something I'd been waiting for all my life. And I was freaking out. Really. Crawling around, weeping and crying. People were coming to me and saying things that they saw for me, like the love of God and the pure, fresh worship is hitting you in your body, spirit, mind, and soul, and setting you free, and getting out all the old stuff. They were kind of helping me a little bit in telling me these things. That's really what happened.

**SID:** You know what I love? When you get songs from heaven.

**SUZY:** Me too! Ha ha!

**SID:** I can't think of anything more spectacular than getting music from heaven. You're so multi-dimensional; every fiber of your being feels that music.

**SUZY:** It's amazing.

**SID:** You had a vision when you got the song "He's Alive." Tell me about that vision.

**SUZY:** Yes, I had a vision during someone speaking where Mary was pouring her oil on Jesus and wiping her hair, and I could smell the smells in the room and hear the sounds in the room, and I could feel the judgment in the room. Then it kind of cut and I saw her at the grave looking for Jesus. She had more oil and was looking for Him. Then I heard the angel sing \$ "He's alive, He's alive \$ \$ And you've only just begun to worship Him." \$

**SID:** Your music, people in my office, once they heard it, they just, it's infectious. People just sing. And I believe, as a matter of fact, would you go to the set right now, and I want you to sing that "He's Alive." This song literally came from heaven. And I'm going to make a recommendation to you. When Suzy sings, it's like a healing river just pours out, and it pours out. But you might want to, if you're at home, just kick your shoes off and lay on the carpet and get ready to experience God. Let's hear Suzy, "He's Alive."

\$ music \$

\$ I went to the place He was dining \$ \$ To pour my life on my love \$ \$ I wrapped my hair around Him \$ \$ And the fragrance drifted up \$ \$ I didn't even notice \$ \$ When the beast began to judge \$ \$ Because His love is out of this world \$ \$ And I'm totally undone \$ \$ He's alive, He's alive \$ \$ And I've only just begun to worship Him \$ \$ He's alive, and I've only just begun to worship Him \$ \$ I went to the place they laid Him \$ \$ To look up on His face \$ \$ Angels in garments blazing \$ \$ Were standing in His place \$ \$ I asked them "Where's my lover? \$ \$ Have you hidden Him from me?" \$ \$ 'Cause I've so much more to give to \$ \$ The one who set me free \$ \$ They said "He's alive, He's alive \$ \$ And you've only just begun to worship Him" \$ \$ He's alive, and you've only just begun to worship Him \$ \$ Now I go to the places He lingers \$ \$ And I follow Him in my song \$ \$ I feel His breathe on my fingers \$ \$ As I lift Him up \$ \$ And I know this is just the beginning \$ \$ Of this wonderful way \$ \$ We are riding on a river \$ \$ Of never-ending praise \$ \$ He's alive, He's alive \$ \$ And we've only just begun to worship Him \$ \$ He's alive, and we've only just begun to worship Him \$ \$ Break us open \$ \$ We've got so much more for You \$ \$ Will You break us open? \$ \$ We want to pour it all on You \$ \$ Will You break us open? Break us open \$ \$ Break us open, break us open \$ \$ Oh Lord, break us open, break us open \$ \$ You're alive, You're alive \$ \$ And we've only just begun to worship You \$ \$ You're alive, and we've only just begun to worship You \$ \$ You're alive, and we've only just begun to worship You \$ \$ You're alive, and we've only just begun to worship You \$

*We now return to It's Supernatural.*

**SID:** Hello, **Sid Roth with Suzy Yaraei.** I don't know about you, but I still hear in my ears and my spirit "He's alive." In fact, you told me something interesting, as we were coming back after the break that you could hear the music in the atmosphere. Do you really?

**SUZY:** Yeah.

**SID:** Because like a radio wave or TV wave has everything in the atmosphere, but your spirit can hear it. I have it ask you another

question. I noticed you were singing with your shoes off. Ha ha!

**SUZY:** It's way more comfortable.

**SID:** It's comfortable, but you asked me if you could do that, and I wanted you to, because I wanted you to just be as free as you could be. And songs from heaven make you free.

**SUZY:** That's right.

**SID:** But I love the miracles that happen when you sing. Tell me about the woman who had the baby that was dead in her womb in Russia.

**SUZY:** She had come to the conference hoping for healing. She had a baby in her womb that was dead, and she was going to have to deliver that baby in the next day or two. I think also it was dangerous, because of some kind of poison that was coming from the whole situation. She was completely healed. The baby came alive in the womb, and she had the baby. Our friends have it documented in Russia, in St. Petersburg.

**SID:** It almost reminds me of that song you just sang, "He's Alive." The baby became alive. God has been so good to you, Suzy.

**SUZY:** Yes.

**SID:** The Devil attacked your throat, and you had supernatural surgery. Explain that.

**SUZY:** I was in a friend of mine's cabin and I had what felt like calluses on my throat, and I couldn't hardly talk. I couldn't sing at all. I felt that I heard the voice of God tell me to sit down and close my eyes, and open my mouth. Then the presence of God came in the room really strong, and I felt, really felt, something going in inside my throat on my vocal cords. It felt like there was pressure and moving around. It felt like actual surgery is what it felt like. I knew it was angels. I felt like there were two angels. Then after that I fell asleep for a while, and woke up, and it happened again, twice. I fell asleep again, and when I woke up, my voice was healed.

**SID:** What types of miracles have you observed when people hear your music?

**SUZY:** There's been many different kinds of physical, spiritual, and emotional healings. The physical ones, like recently, this last year during a breakout meeting at Morning Star, a lady's leg grew out while we were singing "Praise Is Beautiful."

**SID:** Like one leg was shorter than the other?

**SUZY:** Yeah. And she was so excited, needless to say.

**SID:** I can imagine so.

**SUZY:** That was awesome. She sent me a really long letter. She also got healed from some other things, emotionally.

**SID:** And you've had people healed from AIDS.

**SUZY:** HIV in Russia, and a lot of physical problems, like a dislocated shoulder, problems with shoulders in Holland, and then heart disease. One older man in Russia couldn't even walk. He was bent over. Just like that one story in the Bible, he was bent completely over. He got touched during worship and was completely healed. He could hardly walk - he started running around and dancing around the whole conference.

**SID:** I imagine you're almost like in awe in these things.

**SUZY:** Yes. Because we are worshiping God in spirit and in truth, as best as we can. We're really seeking after the prophetic and spontaneous worship, and these things are just happening. So I learned to say "Ok, anybody with a testimony, please come forward, if you had a healing during worship." We always make sure we do that so we can hear what's going on.

**SID:** You have a very unique gift. You almost have this childlike faith. The unique gift you have is you can literally put a demand on heaven and sing a song. The reason I know this is because I asked her to do it. It wasn't just a nice little song, it was a song from heaven. Suzy, can I ask you to look at that camera over there and sing a song from heaven?

§ **SUZY:** Hope is the anchor § § Hope is the only way today § § Put your hope in God § § And swim in the ocean of His love § § Hope is the anchor § § Throw your anchor down in God's love today § § Throw your anchor down in God's love today §

**SID:** You know what I'm thinking about when you're talking about God's love? I'm thinking about how, when you were in that horrible state, I mean you were literally drinking vodka and you heard the audible voice of God. He had a purpose for you. What is your purpose? I know what God's purpose is, what is your purpose?

**SUZY:** To bring the love of Jesus everywhere I go. Mostly through music.

**SID:** I'm going to ask you to go to the music set in a moment, but my favorite song on your CD is "Praise Is Beautiful." When I just... That's another song that's in the sound waves in the air. I can hear it, "Praise Is Beautiful." What feedback do you get on that song?

**SUZY:** We've had amazing feedback from the CD. A lot of it is, I'll get emails and letters of the presence of God falling in peoples' houses, and healings from that as well, but mostly live at the conferences. But either way, live and from the CD, it brings a fresh anointing of God into your car, into your house, wherever you play it. I get so many letters of people getting refreshed, set free, particularly through a song called "Dance."

**SID:** I want you to look in the camera right now and tell me people that are being healed.

**SUZY:** I would like to say that people with cancer, I just want to say be gone, cancer, be gone. And virus, be gone in the name of Jesus.

**SID:** You're about ready to have an encounter with love. And you don't

need an audible voice to speak to you to stop you from having a plane crash. My voice is enough. It's time to turn your life over to God. Because this life is just a blink of the eye, and that's it. But this is your time to experience the love of God. I would like you to go to the set, Suzy, right now, and I want to hear "Praise Is Beautiful." Let's hear that right now. "Praise Is Beautiful." Get ready to experience the love of God right now.
