

SID: My guest frequently gives prophetic words to world leaders and people like Kenneth Copeland and other leaders. He once prophesied that a man in grim financial condition would make \$1 million in a year. That year he earned 1 million and \$25. Next on this edition of *It's Supernatural*.

*Can ancient secrets of the supernatural be rediscovered? Do angels exist? Is there life after death? Are healing miracles real? Can you get supernatural help from another dimension? Has the future been written in advance? Sid Roth has spent 30 years researching the strange world of the supernatural. **Join Sid on this edition of It's Supernatural.***

SID: Hello. **Sid Roth here.** Welcome to my world where it's naturally supernatural. I've been so looking forward to interviewing **Dean Sikes** because, you know, a man's gifts make room for him, Dean. And I've heard such wonderful things of your prophecies to people. As a matter of fact, what did God tell you was your call?

DEAN: To be a messenger. And you know, messengers do two things. They receive messages, they deliver messages, and that's what I do.

SID: Tell me when you realized that you were really hearing from God and you had messages for people. I mean, did it start really like this as a young child?

DEAN: You know, I heard His voice when I was about seven years old for the first time. I heard I call my name like he called Samuel, and then at 21 I had an encounter with God when I heard him again. But it wasn't until I was about 30 years that I really began to hear God's voice for other people, and that began me on a journey of wherever I go anywhere on the planet God just begins to talk to me about people, and I just say what He says.

SID: Now I understand that you deliver messages to people like Kenneth Copeland. I don't want to put you on the spot, but I do want to put you on the spot. Could you share the last message you gave to Kenneth Copeland?

DEAN: Sure. You know, one of the messages that I most recently that I shared with Brother Copeland is that there is a new political movement underway in the United States. There have been two major ones that God has really been involved with. There was the Moral Majority, the Christian Coalition and now there's a third one underway here in the United States where Christians, people who love God come together and build righteousness, you know. It's neither Republican nor Democratic. It's what's right in God's eyes.

SID: Now why did you give this to Kenneth Copeland?

DEAN: Because I believe the Lord spoke to me that he would be the person that had great influence over this people, the people that would literally be the leadership of this new grassroots organization.

SID: Well speaking of government, there was a man that was a senator running for governor. Tell me about him.

DEAN: Right. Interesting story there. There's a guy that's in the United States Congress and he was running for governor of a state and the Lord spoke to him and He said, "He's my person to be in the governor's office and I've got a message for him, and you're gonna need to get it to him." And I said, "Well Lord, he and I know each other from a distance, but we don't have communication. You're gonna have to set this up." Well He did. And about four or five nights later, my phone rang late one night and it was this congressman saying, "I hear you heard from God for me." And I began to share with him what the Lord had told me. And it went from the throne of God to me, to the congressman, to a gubernatorial debate. I was hearing from across the airwaves what God had spoken to me in the privacy of my prayer.

SID: Well there was a point in your life where, sure, you heard the audible voice of God call your name as a young child. But there was a point where it became a gusher. Tell me about that.

DEAN: Twenty-one years old and I'm working in real estate development, had whatever society says makes you successful, a couple of airplanes at our disposal, a condo in Florida. Things. The things had me. I didn't have them. That's a troublesome place to be in life. I grew up in church, went to schools that, you know, were Christian based schools. And at 21 I said, "God, I don't think you're real. I don't think you hear me. I feel pretty stupid even talking to somebody that doesn't even exist. But if by chance I'm wrong, if you really are real, if you've got a plan for my life, would you please just prove to me that you're real." So don't ever under any circumstance ask God to prove to you that He's real unless you're ready for an encounter of the first kind. Two weeks go by, I'm sitting in my office not bothering anybody, nice office, dialing the phone, not bothering anybody and off behind me to my left I hear this voice and it was a commanding voice with two words: "Call mom." Call mom. I didn't say what it is. I dialed 344-7443. The phone rang seven times. On the eighth ring my mother answered the telephone, and when she said hello I instantaneously knew something was horrifically wrong. Her voice was slurred. She was disoriented. I was about to learn that in the moment in time when God, by His spirit, said to me, "Call mom" and obeyed, my mother was attempting suicide.

SID: If you had not obeyed.

DEAN: She would have died.

SID: You're sure.

DEAN: I know it.

SID: Okay.

DEAN: The medical side of her life proves that out that she would have died. I ran out of my office, got into my car, drove up Interstate 75 to a little community called Onawa, Tennessee, and as I drove into my parents' neighborhood from the outside in, their home was fine, safe secure, probably like where you all live. But from the inside out my mom was dying. I said a very simple prayer. It would not have been studied. It would not have, you know, gotten any attention of a lot of religious people. But it was in my way saying, "Hey God, I can't save her,

but you can. Please do only what you can do.” I banged on the door, my mom came down some stairs, she fell in my arms. I picked her up. I carried her to her car, drove her back down the interstate, and that day, God saved my mom’s life, and said to my dad, I will never forget it. He said, “Mr. Sikes, there’s no medical reason to share this with you. It’s a ‘miracle of God’. Your wife is alive. She made it. You can go see her.” And since that day, Sid, she left the hospital. She went back to school, became a Christian doctor herself, and today helps people in a counseling ministry that she helps come through what she came through.

SID: But it really became a gusher when you were speaking for a teen group one night. Tell me about that.

DEAN: Oh yeah. I do a lot with teenagers. I love reaching out to young people. And I was in Charleston, South Carolina, pretty large youth group. And when I was speaking that night I began to hear the Holy Spirit say, “There are multiple people here who think death is better than life, maybe like someone in the audience right now. Maybe you think death is better than life. When God made you He didn’t go, “Oops, I made a mistake.” He put his stamp of approval on you. And when I was in Charleston ministering that night and the spirit of God talked to me about suicide and I gave an altar call, you know, an invitation if you will, you know, if you’re dealing with this and you have the courage to raise your hand, I was astonished the number of people whose hands shot across that auditorium. They took us to a room by ourselves. And Sid, there was one young man. I don’t think I’ll ever forget him. He had looked at me with tears coming down his eyes and he says, “Dean, at home right now the shotgun is loaded, the note is written, but because you heard that I was in trouble, God said to you, ‘There are those who are gonna die tonight. If you’re dealing with suicide make a decision.’” He said, “Because I heard those words I’m choosing to live.” And you know what?

SID: What.

DEAN: He lived. He did not die. He put the gun away, tore the note up and he’s doing great today.

SID: So you realized you were hearing from God very, very clearly.

DEAN: Oh yeah, yes.

SID: But what happens when you’re in another country, Australia, and you have lost everything? You got into really deep debt, and I imagine some of you can relate. What do you do? God showed Dean supernaturally how to get out of debt. Don’t go away. We’ll be right back after this word.

We’ll be right back to It’s Supernatural.

We now return to It’s Supernatural.

SID: Hello. **Sid Roth here with Dean Sikes.** What happens if you're in another country, Australia, and you're in debt and you have no way of getting out? But God showed Dean how to get out. Tell me about that.

DEAN: You know, I had gotten to Australia on a Tuesday, was there for like 11 days and I had Saturday afternoon off. I was sitting in a little bitty home at the end of a little bitty street in a small city in South Australia. And I was thinking about, Lord, how did I get into this mess? And He spoke to me and He says, "I'm gonna show you a key today that will change the rest of your life. And He took me to 1 John 5:14. Now this is the confidence that we have in Him, that if we ask anything according to His will He hears us, and if we know that He hears us, whatever we ask we know that we have the petitions that we've asked of Him, and that petition's word leaped off the page. What is a petition? And the Lord spoke to me. He said, "It's a legal binding document between you and me. It's my word on the line here, and I'm gonna show you how to take my word and change your world." And He did. And for the next four hours I wrote my very first petition based on Romans 13:8: "Owe no man anything but to love. For he who loves another has fulfilled the law." And the Lord said, "Here's how you do this. You write this petition. You confess it out loud. You continue your tithing, your giving to your local church and then you sow your seed to other ministries of people that I show you to." And those three steps, tithing, giving, speaking God's word totally radically changed our life.

SID: What happened to the debt situation?

DEAN: It went away.

SID: How long did it take?

DEAN: Eighteen months.

SID: How long did it take you to get in debt?

DEAN: Ten years.

SID: But this isn't just for money from what God told you.

DEAN: No.

SID: What does it cover?

DEAN: It covers every aspect of your life. Our son would not sleep in his own bed when he was much younger. None of us were getting a good night's sleep. And I went to the Lord about it and He says, "Well write a petition." I said, "You're kidding." He said, "No. Go to the Word." And in Proverbs it says, "When you lie down you will not be afraid. Yes you will lie down and your sleep will be sweet." That was the foundational verse from our petition for my son to sleep in his own bed. I wrote a petition. We did what the Lord told us. Our little boy has slept in his bed every night since.

SID: Okay. At the time you got out of debt your wife throws a curve at you. She wants her dream house, but she doesn't understand the facts of life. I mean, when you are in such a bad debt situation your credit will not allow you to buy your dream house. Don't you understand that? Isn't that what you told her?

DEAN: I tried to. But you know what, her faith cancelled my fact, and as a result she called me one day. I was on the road somewhere ministering. She says, "I found the house." I said, "Honey, we have a house." She says, "No, I found THE house." And sure enough we looked at this house and when we drove into the neighborhood and into our driveway the Holy Spirit spoke to me and said, "It's your house." I said, "Lord, but the debt, the bad credit, the bad choices." He said, "If you keep talking this way you will talk yourself out of what I'm doing my best to give you." Well there's a verse in the Bible that says, "Even a fool when silent is considered wise." So I just shut up and I went, and I wrote that petition. And guess what?

SID: What.

DEAN: We put a "For Sale By Owner" sign in our home where we were living on a Friday afternoon at 5:30. The following Monday at 6:30 the house sold. 72 hours. I said, "Lord, this better be you 'cause I just sold the house." He said, "You didn't sell anything. Your petition, my word sold the house. Get ready to move."

SID: Well you know, as wonderful as what God showed him, this tool of how to implement God's word through petition, what is the number one thing people are asking you as you travel throughout the world?

DEAN: Why am I here? What's my vision? Why did God put me on the earth? A lot of people just don't know. Maybe today you don't know. Maybe you're seriously wondering, why am I here? Why did life not turn out the way I thought it was going to? And the Lord showed me the answer. It's the third verse in the Bible. God said, "Let there be light and there was light." He translated it. It actually says, "God said, 'Light be and light was.'" What does God say about light in the Word? Light dispels darkness but it enables vision. What's it say about vision? Without a vision people perish. Could God be saying today wherever you are on the planet vision be? See, our vision is not ours to decide. It's ours to discover, and when we discover God's destiny for our life we apply the principle of petitioning God to see that petition come into light and that destiny come to light we win.

SID: Tell me about that man that heard your teaching on destiny. As you're hearing Dean right now and this man had a big problem. He was grossly overweight, 350 pounds. Tell me about him, Dean.

DEAN: One of the most enjoyable testimonies I can share with you. This young man had a dream. He discovered that his destiny was to be a pilot and he was overweight. And with all due respect to him, at that point in his life he literally could not fit in the cockpit of the airplane. But he said, "This is my destiny, Dean. God has shown it to me. He's revealed it to me." And you know what?

SID: What.

DEAN: Within 18 months, again there's the number 18, 18 months that young man went from that amount of weight all the way down to 180-some-odd pounds and literally began the process of becoming a pilot, all because he caught the revelation of what God had caught him to do. He saw the plan on how to get there. Was there some work involved? Yeah, there is work involved. But it's absolutely a matter of our believing what God says is possible.

SID: Okay. Tell me about someone that you know that was in dire financial straits and he used the power of petition.

DEAN: Absolutely. There's a man that I could tell you about right now that when I met him he was in debt, he couldn't sleep, he was on sleeping pills, his marriage was in trouble. And the Lord spoke to me that "He's a king of finance in my kingdom." I said, "What does that mean?" He said, "There's three kinds of people. There's kings, there's priests, there's armor-bearers. Kings create wealth. Priests do what we do, minister. Armor-bearers help support." He said, "This man is a king of finance. Go minister to him. Teach him what I've taught you." And I sat down with him and I said, "You're a king of finance." He said, "What does that mean?" I said, "You're called to give to bring provision for vision." He said, "I love to give." I said, "I know." He said, "I don't have anything to give though." I said, "Oh wait. God gives seed to the sower." I said, "If you'll let me teach what I've been taught." And as we began to process about two or three months into the process the Lord said to me, "This year I'm gonna prove myself strong to him. He'll make a million dollars."

SID: Now that's putting your prophetic gift on the line. You put a time limit, this year.

DEAN: Yes. And he was broke.

SID: Yes. Do you put time limits sometimes on things?

DEAN: When the Lord tells me a specific time, yes sir, absolutely.

SID: Okay.

DEAN: 'Cause then you know them by their fruit.

SID: So what happened to him?

DEAN: He made a million-25 that year.

SID: A million-25.

DEAN: God gave him an increase. He'll always do a little bit more.

SID: I love that. But God showed you, you needed an airplane.

DEAN: He did. You know, I was driving home from Florida one day and I was having a pity party. And God rarely shows up at those things. But for whatever reason he showed up at that one today. And I said, "Lord, I'm so tired. I've been driving all these miles." And an airplane shot across the sky. He says, "Why don't you have an airplane?" I said, "Why don't I have an airplane?" He said, "You've not given me anything to work with. Remember--"

SID: I'll tell you what, hold that thought. Let's find out what happened to that airplane. I know you're not gonna go away. I'll be right back after this word.

We'll be right back to It's Supernatural.

We now return to It's Supernatural.

SID: Hello. **Sid Roth here with Dean Sikes.** And Dean realizes to accomplish everything he's supposed to he needs an airplane. He specifically petitions for a specific airplane based on the promises of God. And how many months later did you get your exact airplane?

DEAN: Ten months.

SID: Now after you got that exact airplane I imagine you were not a happy camper in, what was that, 2006, in October, you're flying along and what happens?

DEAN: I had just ministered in Pennsylvania. I was heading to Kentucky to do an event, and as I was flying, I was in the back of the airplane. It was about 9:30 at night, just the pilot up front, me in the back. I was not bothering anybody and we heard a noise, and the plane kind of stuttered in flight. A very uncomfortable moment for me.

SID: I'm sure.

DEAN: Within seconds we realized the right engine, we had just experienced catastrophic engine failure. The right engine quit.

SID: So what do you do in an emergency situation like that? You can't be prepared.

DEAN: Well you can only be prepared to the point of the Word of God inside of you. I had been confessing for months prior to this what the Word of God said about my safety.

SID: Okay.

DEAN: And so I immediately realized we were in serious danger. We were three miles up. We had one engine, unfamiliar territory, surrounded by mountains, and we're gonna get one shot at our landing. And I began to literally just pray that the promises of God that I had been believing God would literally keep us alive that night. I stood on the Word. I learned a great lesson. When

you enter into an unexpected moment and you need a miracle that's not the time to start planting seeds. That's the time to start calling in harvest. Everything in God's kingdom will see time and harvest. And when you go through something like this you realize that the Word really works. Your faith is really tested and you see, you measure where you really are in life. We landed safely after that night, got off the airplane, called my wife, called a few other people. Ten days later coming out of Chicago I had leased an airplane. On take-off we lost the left engine at 6000 feet.

SID: Let me get this straight. Ten days previous you lose the right engine.

DEAN: In one airport.

SID: And you should have died. Ten days later you lose the left engine. You must have an engine demon. It must have been--

DEAN: One of the lessons I learned there is when you go through something you'd better know the origin of what you're experiencing.

SID: Okay. Ten days later the engine goes out again. What was your first thought, oh no?

DEAN: The pilot and I looked at each other and it was like someone had turned marbles into the engine and were crunching into the engine. And as we're flying along the airplane is now dropping altitude. The pilot's giving it all the power it has left. The airplane's trying to turn over because the left engine is a critical engine. There's fog all over the area. We were in Chicago in October, so you know what that's like. Well as I'm in the back of the airplane praying, the Holy Spirit says to me, "Gary, Indiana" very directly, very firmly. I didn't blink an eye. I told our pilot, I said, "Find out where Gary, Indiana is." We were about eight minutes away.

SID: Did you have any idea you were so close?

DEAN: I had no idea. But God does. He always knows where you are.

SID: Okay, you're told where to land. You probably have that same problem again, one chance or you're done.

DEAN: Yes. And we're coming in, and it's as if, the best way I can explain this is, is it's as if God kind of leaned out over Heaven and blew a breath of air, and suddenly there was no fog, and the runway is right in front of us, and there's no problem there. The pilot drops the landing gear, we're coming in, it's a little more nervous this time. But interestingly, my cell phone rings at this altitude, and it's from my best friend that I said, "It's happened again. Pray." And I hung up on him. And we landed the airplane, and I got off the airplane. And you know what I did?

SID: What.

DEAN: I cried.

SID: I can understand.

DEAN: I did. And I said, “You know what God? I can’t do this any more.” And maybe right now you are feeling like you can’t do this any more. But I’m here to tell you that God will never leave you or forsake you. And He met me right where I was in that airplane, standing on that tarmac, and I can see myself right now, and His love just enveloped me. He said, “It’s okay. I got you covered.”

SID: Today, you fly all over the place. Have you seen God protect you again?

DEAN: Oh yes.

SID: Tell me something that you might see as far as angelic protection.

DEAN: You know what’s interesting about that one? We could be flying along, especially on a beautiful day, and I can literally look out my right window and I can see a reflection of our airplane in the sky when the sun hits it a certain way, and there is a circle of light that we are flying inside of. I’m fully convinced it’s the glory of God and He’s protecting us. I’ve seen Him on radar on our airplane. I’ve seen Him move clouds out of our way, thunder storms out of our way just to let us scoot behind them and keep going instead of going through them.

SID: I want you to encourage someone there is a destiny on their life.

DEAN: Absolutely. There is. Let me just share with you the truth that God has never made a mistake and He’s not gonna start with you. God has a purpose for your life. He’s got a plan for your life. No matter where you are on this planet, God is for you. And if He can be for you, who can be against you? Who cares who’s against you? Irrespective of what you’re doing in your world, irrespective of where you are, no matter what you’ve gone through at this point, to this point just don’t give up. God’s got a plan for your life.

SID: And in these last few minutes, I’m going to draw on your prophetic gift. What are you seeing for either me or someone that’s watching right now?

DEAN: For you right now I see angels all around you. I see the hand of God directing your steps. I see promotion that comes from the north. I see people literally lining up wanting desperately to get into your life for access. But God by His spirit will give you great wisdom on who gets in and doesn’t get in. God by His spirit will lead you into and out of relationships that were designed to take you to the place, the ultimate fulfillment of the calling on your life. There are multiple years ahead of you. I’ve told you privately, the anointing on Hezekiah’s life, the 15 years is there on your life. God has given it to you. For someone watching right now, I’m telling you, for those, that person right now, and you’re in a foreign country. You’re not in the United States, and you’re wondering does God even exist where you are, I’m telling you in the next 73 hours, between right now when you’re watching this before 73 hours in this time span, God by His spirit is going to show up in your life in such a dramatic way that you’ll know that He’s real and you’ll never question the reality of God again.

SID: There's such a peace that's here right now. Do you feel that?

DEAN: Oh yeah.

SID: Do you feel that peace? It's settling in. I believe it's settling in, in your home. I believe that God is healing people right now, Dean.

DEAN: Yes.

SID: I believe that pains of all kinds are being taken away from you right now. And what I have found I don't quite understand it, but when a word is spoken as it is right now, if you'll do something like if you have pain in your fingers, move your fingers. If you have pain in your neck, move your head. If you have pain in your back, it's very strong on backs right now, just bend over. Pain in your hip, do the hip-hop. I can't believe I said that. [laugh] What else do you see, Dean?

DEAN: You know what? The other thing I see is I see a teenager right now who just happened, you think, to come across this channel. You didn't just happen to. Maybe you're on the Internet right now, wherever you are. And God, just like He spoke to me audibly when I was 21 years old, He's gonna speak to you audibly. Don't ignore it. 'Cause when God speaks it's undeniable. But He's gonna give you, and it's a young lady, by the way and you're 17 years old, He's gonna give you a very specific seemingly simple instruction. The most important thing you'll ever do is hear God. The second most important thing you'll ever do is obey what you just heard.

SID: And even more important than that is you can't begin to really do what God has for you, accomplish your destiny unless you know God. The issue isn't to say a little prayer. The issue is to know Him. This is eternal life that you might know Him. You start by saying a prayer. You start by telling God you're sorry for your sins. That's the doorway in. But there is so much more the eye has not seen and the ear has not heard all that God has in store for you. This is your moment. Choose life. He has a name, Yeshua in Hebrew, Jesus in English. Tell God you're sorry. Believe the blood of Yeshua washes away your sins. Make him your Lord now.
