**SID:** My guest can supernaturally see the potential of people. She even knows their future. She now has revelation on how you can reverse your wrong directions so you can fulfill your destiny.

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

**SID: Hello, Sid Roth here.** Welcome to my world where it's naturally supernatural. I mean, that's natural. That's the air that I breathe. **And I've been looking forward to interviewing my guest, Cindy Trimm,** and I'm going to tell you why. Cindy was raised in such poverty in Bermuda. And something supernatural pulled her up to become a senator from Bermuda. Even Ebony Magazine had the Power 100. I mean, people like Michael Jordan, President Barak Obama - pretty good company. Cindy Trimm was in that list. Cindy, tell me how bad it was in your early upbringing, as far as poverty.

**CINDY:** It was pretty bad. We grew up, it was seven children, single-parent home. My father left my mother when I was two years old, with seven kids.

**SID:** Seven kids!

**CINDY:** Seven. And I was number six or seven. It was interesting. So there's a paradigm that goes with that, a poverty paradigm. So I always say that had it not been for God to change that paradigm and to shift that, I probably would not be sitting here today, Sid. But growing up, when you live in that environment it becomes natural to you. It's just normal because you don't know anything else. And I didn't know that there was something else to want until God came into my life and showed it to me.

**SID:** Now you had an amazing encounter with God when you were just a teenager, what, about 17. Tell me about that.

**CINDY:** I gave my heart to the Lord. That's number one.

**SID:** Of course.

**CINDY:** Then number two; I had an encounter where God actually called me into ministry, and that was surprising, too. I had grown up in church, but I didn't know that I should be saved. I didn't know anything about establishing a personal relationship with Jesus Christ, and that all changed my life.

**SID:** Now what happened as God began to give you revelation that allowed you to come from that humble upbringing to a best selling author today?

**CINDY:** Learning the power of the spoken word. A lot of us are waiting for miracles, not knowing that the miracle is in our mouths. A lot of things that we are repeating continuously is affecting our future. I didn't know that if I didn't want to see to my future I should not be speaking about it today. A lot of time even when we pray, we're exacerbating situations because we keep praying what we don't want instead of praying what we want. In the Book of Romans, Chapter 4, Verse 17, talks about God calling those things that be not as though they were. So there is another realm where I believe God has already prepared everything that we need, but is locked up in the realm of the spirit, and we have to call it to us. And when we begin to speak, when we begin to speak into our future and speak into our lives, things literally start happening. And it started when I read Genesis, Chapter 1. God said, "Let there be light and there was light." Let simply means that there were prohibiting forces preventing something from happening and it was something that suppressed the light. And so my prosperity, my potential was suppressed. It was suppressed by a culture, controlled by spirit beings and I believe that today.

**SID:** Now you understand the spirit world.

**CINDY:** I do.

**SID:** Because as a young child, Cindy had an encounter. I have to believe, Cindy, because of that encounter, you have an understanding of the invisible world like very few have. Tell me about that.

**CINDY:** I had two of them. I was laying in my bed one night and it was almost like the heavens opened up. And I literally saw angels descending and ascending, similar to Jacob. I literally saw that and I heard the most incredible sounds of music, and I was not afraid. That's when I knew that there had to be a spirit realm. Then I had a reoccurring dream about my future being a deliverer, and all of these combined with reading the scriptures and then having an encounter with God. I remember the time when I was preparing, showering, and I had a vision, and it was an open vision. And I was standing on stage and a costume of Katherine Kuhlman fell on me. I was in front of thousands and thousands, and thousands of people, and God was blessing these people, literally blessing these people. And I had a similar occurrence one day when I was on stage, and I stood up to minister the Word of God. It was thousands of people there and I literally saw the power of God without human intervention, without anyone laying hands. I saw the power of God touch all of those thousands and thousands of people. So I'm beginning to see that vision coming to pass.

**SID:** That's what I said to you before we went on the air that I believe this is going to happen. And at this point, I mean, can you imagine as she walks by, she's just walking by speaking, and you'll find out more about this, God's Word, literally the atmosphere changes when she speaks

God's Word. People can't stand. Why can't they stand? If you read about the temple when the priests went in the temple and the Glory of God was so strong. They had no choice. They could not stand because the Glory of God, the Hebrew word is 'kavod'; it's 'a heaviness.' Well if heaviness comes on you, you're not going to stand. Cindy, did you just, through studying the Bible, come to this understanding or did someone teach you that?

**CINDY:** I studied the Bible and God opened the Word up to me. And I saw it; literally saw it in the Word. And I just believed the Word of God. I tell you, Sid, today, people everywhere are looking for solutions. And very few people believe that the Word of God is the solution. But now it is the only solution that we have, because we've tried every single thing.

**SID:** What happened with your family when you saw it?

**CINDY:** Oh my goodness. I started speaking. I started commanding. I found out that I literally can command things to come to pass just from using the Word of God. And growing up in poverty, I mean, there's no money around. I wasn't educated. There was no one that had a degree in my family. And I read in the Scripture that you can decree a thing and it shall be established, and I took the Word literally. I got saved. I was 17 years old. And I went into my house. I was the only one saved then. And we were talking about how we are going to pay this bill, how we were going to pay that bill. I said to my family, listen, in the Word of God it says we can decree a thing. And I remember standing in my living room decreeing and declaring, we are going to be out of poverty. This is the last time we're going to be living in this house, living in this state. Six months later we went from a rat-infested house that leaked. When it rained, it poured in my house, to living in a beach estate.

**SID:** Two questions. What happened to your family and what is your education?

**CINDY:** PhD.

**SID:** You have a doctorate.

**CINDY:** One by one my family got saved, one by one. I remember leading my mother to the Lord. We were sitting on her bed and I asked her did she want to saved? And she said yes. I thought it was going to be more difficult than that. So I ran out to the kitchen and I said, "God, she said yes, she wants to be saved." He said, "Go in and get her saved." So I went back and I said, "Do you want to be saved?" She said, "Yes." I went back in the kitchen, because I couldn't believe it. I thought it would be hard. And then I led my mother to the Lord and began to pray. Every last one of my family members are saved today and they're believers.

**SID:** And you're saying that's a wonderful transformation for Cindy. She must be an exceptional person. No. She has learned our supernatural God is exceptional and He is not a respecter of persons. And when you get to understand her revelation, literally the atmosphere changes. I mean, she's got a PhD. There's no way she should have been in the Power 100 of Ebony Magazine with such company as I mentioned to you.

**CINDY:** Absolutely.

**SID:** Except God. And I promise you, I tell you, I command you to believe that God loves you as much as He loves me. I command you to believe that God loves you as much as He loves Cindy. We're going to get this revelation when I come back. Don't go away.

**SID: Hello, Sid Roth here with Cindy Trimm.** And I am amazed, absolutely amazed at the revelation that Cindy has. Just one of these revelations about light; it comes from, as you explain, the Book of Genesis when God said, "Let there be light." What I want to know is how has it affected you personally with this revelation?

**CINDY:** What you don't know will hurt you. A lot of people say, what you don't know won't hurt you. But it does. Light is the presence of God. It's the presence of information. It's the presence of revelation. And a lot of times we're in darkness. Like, I was in darkness. I thought that my life would have to stay this way, even though I was working and looking for ways of finding a solution to my personal problems. I found out it was because I was in darkness. And when you say, "let there be light", you give God permission to expose what He has already there for you. Sometimes it's right in front of you, but you cannot see it.

**SID:** So the light gives you the revelation.

**CINDY:** The light gives you revelation. I'll give you an example. I was in London a couple of weeks ago. I eat grapefruit just about every single day. So this day I decided I'm not going to eat grapefruit in my room. I'm going to go downstairs and get grapefruit. I'm looking all over the buffet for grapefruit. I'm standing there. And as soon as I say, "Excuse me, could you tell me where the grapefruit is," all of a sudden when I spoke that word "grapefruit" I looked down. The grapefruit had been there all the time, but I couldn't see it. And a lot of times we're blinded to things that God is trying to show us. And when you're able to say, "Let there be light." God can open up your eyes so that you can see the path that He's prepared for you, so that you can see the solution to your problems. And sometimes we're blinded by fear. We're blinded by doubt. We're blinded by our culture. We're blinded by people's expectations. We're blinded by sorrow. And God wants to shed light on our situation. We are not victims of circumstances.

**SID:** Okay. Someone gets sick. You, you've been sick several times.

**CINDY:** Yes, several times.

**SID:** Tell me how this worked.

**CINDY:** It was a self-fulfilled prophecy. I did not know the power of the spoken word. When I was young, I thought 40 was old. And I said, 'I don't want to be old.' So when I get to 40 I think I will have accomplished everything I wanted to do.

**SID:** When I was young I thought 70 was old.

**CINDY:** I'm telling you.

**SID:** I'm about ready to embark on my destiny right now.

**CINDY:** We're just beginning.

**SID:** So stop feeling sorry that the world has passed you by. I'm 70 and I'm as excited as a 20 year old over what God is ready to do.

**CINDY:** Look at Abraham. He was a hundred years old.

**SID:** Yeah, but I don't want any more children.

**CINDY:** God said to him, "You are going to be the father of many nations." And so Abraham couldn't look at the fact that he did not have the necessary plumbing to produce that. What I'm saying is we have to give God a chance. God can do for you in one day what you can never do for yourself in a lifetime.

**SID:** Okay. Give me an example of you being physically healed.

**CINDY:** Okay, me being physically healed. When I was young I said I wanted to be, you know, not dead. I wasn't trying to commit suicide or anything. I thought I would be old at 40. But when I turned 36, I started having these symptoms of illness. So I was diagnosed with a hiatal hernia. I couldn't digest food and on and on. But when I went to the doctor he said, "Look, Cindy, we might have to operate." And I went back home and the Holy Spirit said to me, "Cindy, you have spoken this over your life and this is self-fulfilled prophecy. Reverse it." And I went and I repented for the words that I spoke, and I asked God to reverse the words. And the next morning I woke up, I didn't have the pain. I used to have pain every night, excruciating pain. And I never had to have an operation and I've never had indigestion ever since, never had it. It was a self-fulfilled prophecy. And a lot of people don't understand that many things that they're saying is evil spirits and it's demonic spirits. It's actually the spirit realm responding to commands that they have given. Even if it's said in a jest, like, "you make me sick". When people say, "you make me sick" they are prophesying over their lives sicknesses. I'll give you an example. One man said, "I'd give an arm and a leg to see my daughter healed." And guess what happened? Years and years went by. There was no cure. He has this accident and he lost his arm, he lost his leg. Six months later, they found a cure for his daughter. There is a direct correlation between the things that we are saying out of our mouths and the things that occur in our lives.

**SID:** Tell me about your friend.

**CINDY:** Very negative. Would come to me with a lot of negativity. And I said, "Look, have you commanded your morning? You have to change your words, because if you change your words, you can change the reality in your world." And words of presence, it has power, it has prophetic implication, no geographical limitation, none whatsoever. And I instructed her, change your words. And six months later when I met her, her life had changed. Her finances had changed and she was praising God because that one little principle about speaking positive over your life actually changed her life.

**SID:** How about the person that got the \$2 million business.

**CINDY:** I know. That's big.

**SID:** I want you to tell me big. I want you to go for the gold.

**CINDY:** Let me go for it then. In my teaching, life and death is in the power of the tongue. It's not so much about people cursing you. It's about you cursing yourself. It's not much you waiting for someone to pronounce a blessing on you. You could bless yourself. And so as I begin to write these declarations out, one lady said she didn't have the book, but she remembered me being on television. And the gang came to her house because her two sons decided they no longer wanted to be gang-banging. What she said was, when they knocked on the door they said, "Where are your sons? We're gonna kill them. And if you don't give us your sons we're gonna kill you." And she said all she could think about was her sons and her granddaughter in the house. Well she began to make these declarations and she said, "I couldn't remember all the declarations. So I said, 'God, whatever those declarations was that was in that book, I release it in the name of Jesus.'" And then the guy said, "This woman is crazy." Left the house and never came back to kill her sons. The power of the spoken words. This is happening with babies. There's a woman that played a CD...

**SID:** I tell you what. Hold that thought. I'm going to ask Cindy, in the next segment, to pray the way she normally does. I'm going to tell you, the atmosphere in your home is going to change. And when the atmosphere is going to change, you're going to have the Light of God come on, and you're going to have revelation on decisions on why you're sick, revelations for your family. You want that. I want that. Don't go away. We'll get it.

*We now return to **It's Supernatural**.*

**SID:** Hello, Sid Roth here with Cindy Trimm. Cindy, I love your 1 to 365 ratio. Explain that.

**CINDY:** Yes. We show a visual that we're going through the wilderness. The tribes, the 12 representatives from the tribes were sent in to just explore the land and come back with a report. Ten of them came back and spoke a negative report, which affected the ear gate and affected the mindset of the people until they started complaining. And two of them said, "We are well able. God said that we can have this. We are well able." Well in their own mind, this is what you call a negative paradigm; they felt that they were the grasshoppers. So they began to complain. And so God said, "For every day that you complain, I'm going to take you into the wilderness for a year." So that's a 1 to 365 ratio. This is why we have to be careful in what we are speaking, because for every negative word that we speak, we can potentially take our lives into 365 days or a year's worth of bondage. So we need to be careful what we say from our mouth.

**SID:** I don't know about you. I'm thinking I may just want to put a band-aid over my mouth, and only speak God's Word. What about you?

**CINDY:** That's right. And if you can't remember the word, remember the principle of the word. And we have enough promises. A lot of times when people pray, or when people want something to say, to speak over their lives, they're saying, "I don't know what to say." But the Word of God is full of promises. All the promises are in the 'yea and amen.'

**SID:** I want you to see what's going to happen in your atmosphere as Cindy begins to pray God's promises. You can do this. Anyone can do what Cindy is about ready to do. That's what I want you to understand. But wait until you see what's going to happen. Cindy, would you pray?

**CINDY:** This is from Deuteronomy 28:1-14. And I'm going to rephrase it. I am blessed in the city. I am blessed in the field. I am blessed in my down setting, blessed in my uprising. I'm blessed socially, physically, mentally, psychologically. I am blessed relationally, interpersonally. I am blessed. I am blessed physiologically. I am blessed. Every part of my life is blessed. I speak into my day and I download prosperity into my day, success into my day. I speak over those that I love. I speak prosperity and success. I speak to my government that they will come into Divine alignment that they will lead morally and ethically. I speak into my business. I speak that my business is successful, that we are increasing, that there is no decrease. I speak into my home that my home is a haven of peace. I speak into my loved ones. I speak that their lives is coming back into alignment. I decree and declare that wealth and riches are in our house. I speak into my mind peace. I speak into my heart courage. I speak into my feet that there are paths that I can walk on so that I can overcome every obstacle. I am the head and not the tail. I am first and not last. I am above and not beneath. I am loved by God. I am chosen by God. I am protected by God. Today shall come into direct alignment with the plans and purposes of God. Every good and every perfect gift comes from God. Today is my gift. Therefore, it will end perfect and it will end good in Jesus' name.

**SID:** I believe you believe that.

**CINDY:** I believe it because I speak it everyday.

**SID:** And I'll tell you what. I feel it. And I'm going to tell you what. You are going to be doing this. And the way Cindy's life and her entire family was so turned around. And some of you are saying, 'she's just fortunate.' No. She's blessed. The reason that she is blessed is she caught this revelation and in any circumstance it can be changed around. Question: If you had not caught this light of this revelation, do you think you could still be in Bermuda in poverty?

**CINDY:** Absolutely. I would not be here today. Definitely. Our miracle is in our mouth. The thing about it is this, is it doesn't cost you a penny to change what is coming out of your mouth. The question that I ask most people, could things be the way they are because you are the way you are? But what one thing can you change that can change everything? You can change your mind and you can change the words that come out of your mouth.

**SID:** You want to change the words that come out of your mouth? Right now, here's what I want you to say, I want you to repeat after me and believe it to the best of your understanding. Say, dear God.

**CINDY:** Dear God.

**SID:** I am a sinner.

**CINDY:** I am a sinner.

**SID:** Against you.

**CINDY:** Against you.

**SID:** And you alone have I sinned.

**CINDY:** And you alone have I sinned.

**SID:** I'm so sorry.

**CINDY:** I'm so sorry.

**SID:** With your help.

**CINDY:** With your help.

**SID:** I'm going to turn from my sins.

**CINDY:** I'm going to turn from my sins.

**SID:** I believe that your blood.

**CINDY:** I believe that your blood.

**SID:** Washes them all away.

**CINDY:** Washes them all away.

**SID:** And you have no remembrance of them any more.

**CINDY:** I have no remembrance of them any more.

**SID:** And I'm clean.

**CINDY:** And I'm clean.

**SID:** I'm even righteous.

**CINDY:** I'm even righteous.

**SID:** And now that I'm clean.

**CINDY:** And now that I'm clean.

**SID:** I ask Jesus to live inside of me.

**CINDY:** I ask Jesus to live inside of me.

**SID:** And be my Lord.

**CINDY:** And be my Lord.

**SID:** This is the best day of my life.

**CINDY:** This is the best day of my life.

**SID:** I am ready for change.

**CINDY:** I am ready for change.

**SID:** And God is telling me how to change.

**CINDY:** And God is telling me how to change.

**SID:** And you can't get better than that.

**CINDY:** And you can't get better than that.

**SID:** Did you say that prayer? Then you should have joy inside of your heart and the peace of God. I feel it going right through the TV right now. God's light and God's peace is going right through it now into you.

**SID:** Next week on *It's Supernatural*. My guest has uncovered an insidious plot against our children and our grandchildren. Latest statistics show only 4 percent of this next generation will be involved in evangelical Christianity.
