

have very well already crossed the line, the point of no return. If so, then the judgment of God is already descending upon this nation! This is even more reason to pray for mercy for more time to preach the Gospel.

The body of Messiah must arise from her slumber. While she has been asleep in the bed of religion, the enemy has come in and sown tares. The Church must take action now! It is imperative that Christians become involved in the processes to select righteous leadership that will honor the Word of God and America's national spiritual heritage.

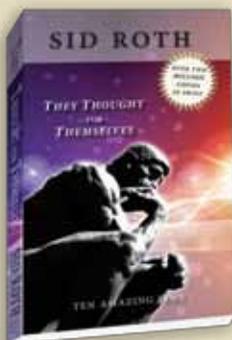

In 1 Corinthians 11:31, Paul said that if we would judge ourselves, we would not be judged. We still have the promise that if the body of Messiah will pray and turn from wickedness to seek the face of God, that He will hear from heaven and heal our land (2 Chronicles 7:14). At the same time, the Scripture is abundantly clear that the nation that forgets God will come under a curse and be turned into hell (Psalm 9:17).

We must pray for mercy and pray for more time. Pray for the peace of Jerusalem and pray that another Great Awakening visits America. God's will is not judgment. His will is blessing! ✨

Sid, right, interviews David Herzog.

God has a key for you to walk in the blessing of Abraham no matter what happens to the economy.

Last week I got the following email from an unsaved Jewish man who had just received my evangelistic book in the mail:

“Sid, I got your book today.... I don't know any other Jews around me who got it. I too have a spine

injury [chapter one of the book is about an Israeli who was miraculously healed of a spine injury]. What an incredible 'coincidence'! I would like to talk to you.”

When I spoke to him, he promised to read the book. He is an Orthodox Jew who speaks Hebrew. I know that he and thousands of other Jews will be saved through our book mailings.

Over the next few weeks we will be mailing 150,000 copies of the Russian version of this book to Jewish people in Germany, Ukraine and the United States.

Recently, I interviewed David Herzog and Pastor Shane Warren before a studio audience in our new Media and Mentoring Center. Both men believe we have a limited window of time to evangelize the Jew. Anti-Semitism will rear its ugly head as the U.S. economy tanks. The Jew has always been the scapegoat. And right behind the Jew will be the Christian. But God has a key for you to walk in the blessing of Abraham no matter what happens to the economy (Genesis 12:3).

Both men told me how God has blessed their ministry because of their love for the Jew. Shane Warren said his television network was losing \$80,000 per month. God said when Shane would start financially supporting Jewish ministry, God would financially bless his ministry. Immediately as he obeyed, God

blessed his finances.

David Herzog was told by God that if he would evangelize the Jew in Israel, God would then bring revival to France. David obeyed and he had the longest revival in France in 50 years!

But what David told me next is for you! David was caught up to Heaven and spoke with Jesus. Jesus said, “Thank you for evangelizing the Jew.”

You see, I take young evangelists with me to observe how I evangelize the Jews through signs and wonders. David came with me and now is getting the same results as he holds Jewish evangelistic meetings.

In God's mercy on planet earth, I expect an explosion of miracles. This is why I am burdened to mentor you through the best teachers of the supernatural.

After taping our two television shows with a studio audience, miracles erupted. We are still getting reports of those who were healed. I can't wait to see what happens with our television audience throughout the world when the show is aired.

Many of my prophetic friends

feel the United States has passed the point of no return for judgment. I agree. However, we can and should pray for more time so more can be saved.

I am determined to help you and as many people as possible to be red-hot for Jesus! I am determined to equip you to do the same and even greater works than Jesus (John 14:12). And I am determined to make you “normal”! Thank you for partnering with me for the salvation of Israel. ✨

News from Sid Roth's *It's Supernatural!* Television and Messianic Vision

America in the Crosshairs of Prophecy

by Pastor Shane Warren

Shane Warren had an open vision lasting several hours in which he saw the future of America.

We are quickly approaching a time of distress that the Scriptures refer to as the Tribulation Period. There has never been a generation that has seen the significant signs of prophecy as has this one upon whom the end of the world has come.

The prophetic winds are blowing as never before creating the perfect storm.

Welcome to the Family with a Jewish Heart!

In 1977, Sid Roth started Messianic Vision. Sid's

heart's desire is to reach out with the good news of the Messiah, "to the Jew first" (Romans 1:16 KJV). This is not just God's historical order for spreading the Gospel, but also His eternal spiritual order. When we follow this "law of evangelism," God opens a supernatural door to reach greater numbers of Gentiles. God's heart is to reach all people. His strategy is "to the Jew first."

Yeshua (Jesus) creates "The One New Man" from Jews and Gentiles.

Jesus came to break down the wall of separation between Jew and Gentile. The Messiah was a Jew, and the first believers were Jews. But how did something that started so Jewish become the opposite of Jewishness? God's answer for restoration is the creation of the "One New Man" as stated in Ephesians 2:14-16. He wants to reconcile His "family" which has grown apart for centuries. When this happens, the stage is set for worldwide revival.

For He Himself is our peace, who has made both [Jews and Gentiles] one, and has broken down the middle wall of division ...so as to create in Himself one new man from the two....

America in the Crosshairs of Prophecy continued from page 1.

We can now fully comprehend why Jesus said of these days that **people's hearts would fail them for fear.** On the other hand, how exciting to be alive and positioned in the crosshairs of prophecy! As the stormy winds violently blow, there is another great wind sweeping across the globe, the mighty, unstoppable wind of the Holy Spirit! This eternal wind is sure to change history as the greatest harvest and explosion of signs and wonders the world has ever seen is ready to be released.

The book of Revelation mentions four angels that are positioned upon the four corners of the earth (7:1). These angels have been given power over the four winds of the earth. Throughout history there have always been four winds that have shaped nations: the winds of war, economics, politics and religion. Our generation is experiencing a simultaneous escalation of these four winds.

Some nations are at war, and many others positioning themselves for it. There is a global economic meltdown as entire countries are plunging into bankruptcy. Nothing more needs to be said about the current political quagmire that frustrates humanity. Finally, religion has become the focus of the world since 9/11 and America's struggle against terrorism; Christianity and Judaism vs. Islam; and so-called conservatism vs. liberalism.

The most disconcerting thought about the situation is that it now seems to be zooming in on Israel and more specifically Jerusalem. In this end-time extravaganza, the future of America is physically, financially, and spiritually linked to its relationship with God's chosen people and land. Unfortunately, it seems that the current leaders of both major political

parties in the United States are quickly abandoning America's spiritual heritage, thus forsaking God and His beloved land Israel.

Israel has been — and will always be — God's prophetic timepiece and the centerpiece of prophecy. Jerusalem has become the stumbling block of the world. Profound demographic, social, and political transformations are reshaping the U.S.-Israeli relationship. Changes underway in both countries have eroded traditional pillars of the relationship, brought new elements to the fore, and contributed to debates about how to defend each country's interests in a rapidly changing strategic environment.

Uncertainty is growing about how the United States and Israel can and should cooperate to secure their respective interests, and confront common challenges in a region undergoing dramatic shifts. Even more profound, both Americans and Israelis increasingly see each other's policy choices as undermining their own. This trend deepens U.S. doubts of Israel's strategic value, and reinforces Israeli fears about U.S. commitments and guarantees to help protect their land. As a result, Israel and America are in a very dangerous position. Israel is in danger because America is possibly the only ally she has. America is in danger because violating God's principles concerning the dividing of Israel's land positions

America for divine judgment (Joel 3:2).

I recently had an open vision of the future of America.

I was sitting on my couch when suddenly my TV changed channels to a current weather forecast. I was shocked as the news

anchor showed a picture of what appeared to be the largest hurricane I had ever seen. Normally hurricanes form in the ocean as stormy winds collide and then make their way toward land; however, this hurricane was completely different! It was already on land, specifically America.

As the news report showed a satellite image of this storm, I noticed that it spread from America's northern border with Canada to the southern border with Mexico. The eye of the storm was plowing through the heartland of America.

The news anchor said, "We have

a correspondent on the ground in the storm." The scene switched. I watched a young man with a microphone in a rain suit being tossed by the wind. I could see some sort of debris swirling around his head. He said, "This is a most unusual storm. It's not raining in the normal way." He reached down toward the ground and picked up a handful of one-dollar bills. "It's raining money!" he shouted.

The scene switched back to the news anchor. I sat there in shock as I heard him say, "Ladies and gentlemen, there has been another catastrophe. It seems that a major earthquake has hit the New Madrid Fault" (near the center of the U.S.). Pictures flashed before my eyes of devastation as cities collapsed from the shaking. Immediately, I heard a loud voice behind my right ear that said sternly, "THEY DIVIDED MY LAND. NOW I WILL DIVIDE THEIRS!" I knew that this was the voice of God and that He was judging America because of her reckless policies concerning Israel.

As the vision unfolded, I saw the collapse of the dollar. Riots filled the streets of America's cities. I saw people holding large picket signs that read, "I want my entitlements!" I witnessed a private meeting of foreign nations that met for the sole purpose of devaluing the dollar. The price of silver went up, a fact that I have no explanation for to this day.

America is in the crosshairs of prophecy. From her very roots, America has been prophetically and spiritually connected to the land of Israel and God's chosen people, the Jews. The laws of the land were based on the first five books of the Bible. To depart from this heritage is detrimental to this nation and the nation of Israel. In fact, America might [continued on back](#)
